

ONE HEALTH FOUNDATION

HEALTH FIRST FOUNDATION NGO

About One Health Foundation

Established in 2018 by social activist **Mr. Nguyen Huynh Dang Khoa**, who serves as the **Chairman of One Health Foundation** and the **Financial Director of Hong Duc III Hospital**.

Currently, **One Health Foundation (OHF)** is a **non-governmental organization** and a member of the **PMNCH Women, Children, and Adolescent Health Network** (<https://pmnch.who.int/>), established by the **World Health Organization (WHO)**. It is at the forefront of implementing social projects focused on **health, education, and the environment in Vietnam**.

Our mission is to enhance the quality of life for the community through **health, education, environmental, and social protection initiatives grounded in the principles and core values of Compassion, Altruism, and Felicity**. We are convinced that through compassion and commitment, we can foster positive and sustainable transformations for Vietnam specifically and the world at large.

Orientation and Objectives

- **Sustainable Healthcare Practices**
- **Sustainable Education**
- **Sustainable Ecosystem**

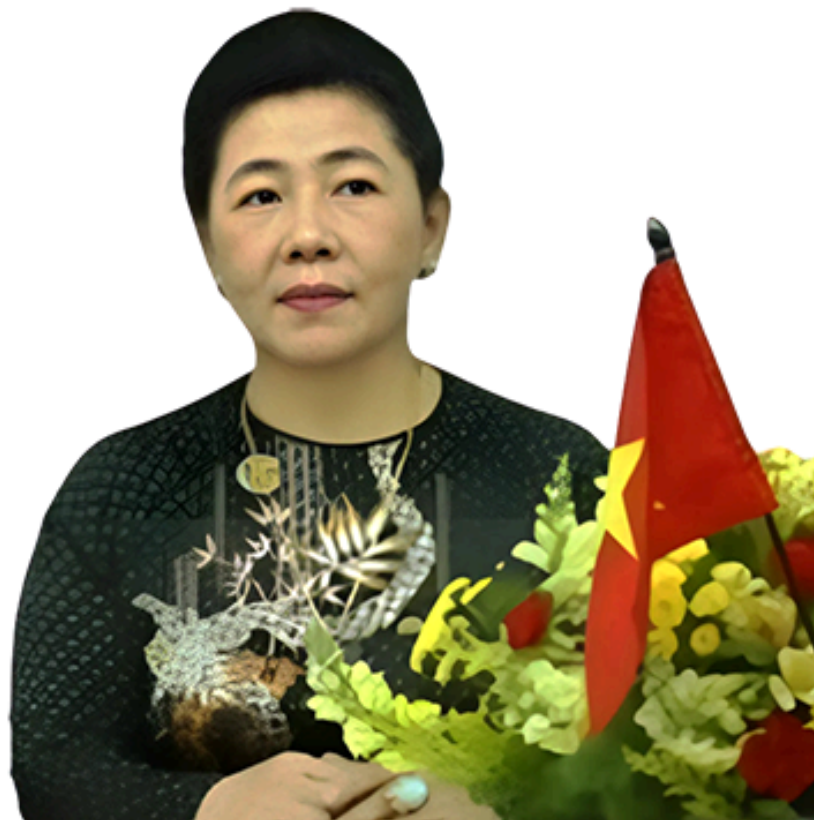

BOARD OF DIRECTORS

The Board of Directors of One Health Foundation comprises individuals of exceptional intellect, compassion, and warmth. They are accomplished entrepreneurs who hold significant positions within society. They established and manage OHF with the intention of fulfilling their societal responsibilities through volunteer initiatives aimed at the objective of LIGHTING UP VIETNAMESE DREAMS.

Mission

www.onehealth.foundation

One Health Foundation was founded with the mission of enhancing the quality of life for the community through initiatives in **health, education, and environmental protection**. We consistently strive to uphold our core values of **Compassion, Altruism, and Felicity**.

Health Is Number 1 Foundation operates on the principles of humanitarian values, transparency, and accountability, rather than for profit. It consistently engages the participation of individuals and organizations to foster positive and enduring changes aimed at enhancing the quality of life within the community.

Vision

As a prominent **Non-Governmental Organization in Vietnam**, we provide health services to disadvantaged communities, fostering a sustainable environment where all individuals can enjoy a clean living space, access quality education, and receive optimal healthcare. We are a trusted resource for community health promotion initiatives.

www.onehealth.foundation

Enhancing public consciousness regarding environmental conservation

- + Decrease plastic waste by 20% + Advocate for and educate the community on environmental protection awareness + Advance renewable energy initiatives, minimizing reliance on fossil fuels + Establish sustainable ecological zones

Enhance the quality of medical services through the implementation of advanced technology and processes.

- + Expanding remote consultations on the Dr.OH platform to facilitate healthcare access for individuals in mountainous regions
- + Reducing the prevalence of child malnutrition to **below 10%** in mountainous areas
- + Conducting medical examinations and vaccinations for **50,000 children** in remote locations annually
- + Establishing medical research and training centers

Health Education and Promotion

- + Award 1,000 scholarships annually to underprivileged students + Establish international educational programs, facilitating access for students to global knowledge and skills + Construct modern schools and implement advanced teaching methodologies

ORIENTATION OF ACTIVITIES

One Health Foundation

OHF MEDICAL INITIATIVES

This project was initiated in 2018 and is presently executing annual development campaigns, dedicated to providing quality and sustainable medical services to the community through complimentary medical examinations and treatment programs, testing, and various other social medical initiatives.

Complimentary Medical Assessment and Treatment Initiative

- Number of patients receiving complimentary medical examinations and treatments: **Over 9,800 patients annually.**
- Number of doctors and medical staff participating: More than **229 doctors and medical personnel volunteered.**
- Program funding expenses: **Exceeding 2 billion VND annually**

Complimentary Assessment Initiative

- Number of free tests: Over **48,469 tests annually.**
- Common tests: Blood test, urine analysis, cervical cancer screening, HIV/AIDS screening.
- Program funding expenses: Exceeding **5 billion VND annually**

OHF HEALTH INITIATIVES

Dr. OH Online Medical Consultation Platform

In 2018, **One Health Foundation** launched the Dr.OH platform.

- Number of health consultation sessions: **Over 92 sessions annually.**
- Number of participants: **More than 15,979 individuals.**
- Consultation subjects: Prevention of cardiovascular disease, diabetes, hypertension, reproductive health care, and proper nutrition.
- Program funding expenses: **Exceeding 1 billion VND annually**

Medical Assistance for Isolated Regions

- Number of medical visits and support trips: **More than 10 trips annually.**
- Number of patients supported: **Over 9,368 patients** in remote regions.
- Medical services offered: comprehensive medical examination, complimentary medication, health consultation, vaccination.
- Program funding expenses: **Exceeding 3 billion VND annually**

Telemedicine Consultation

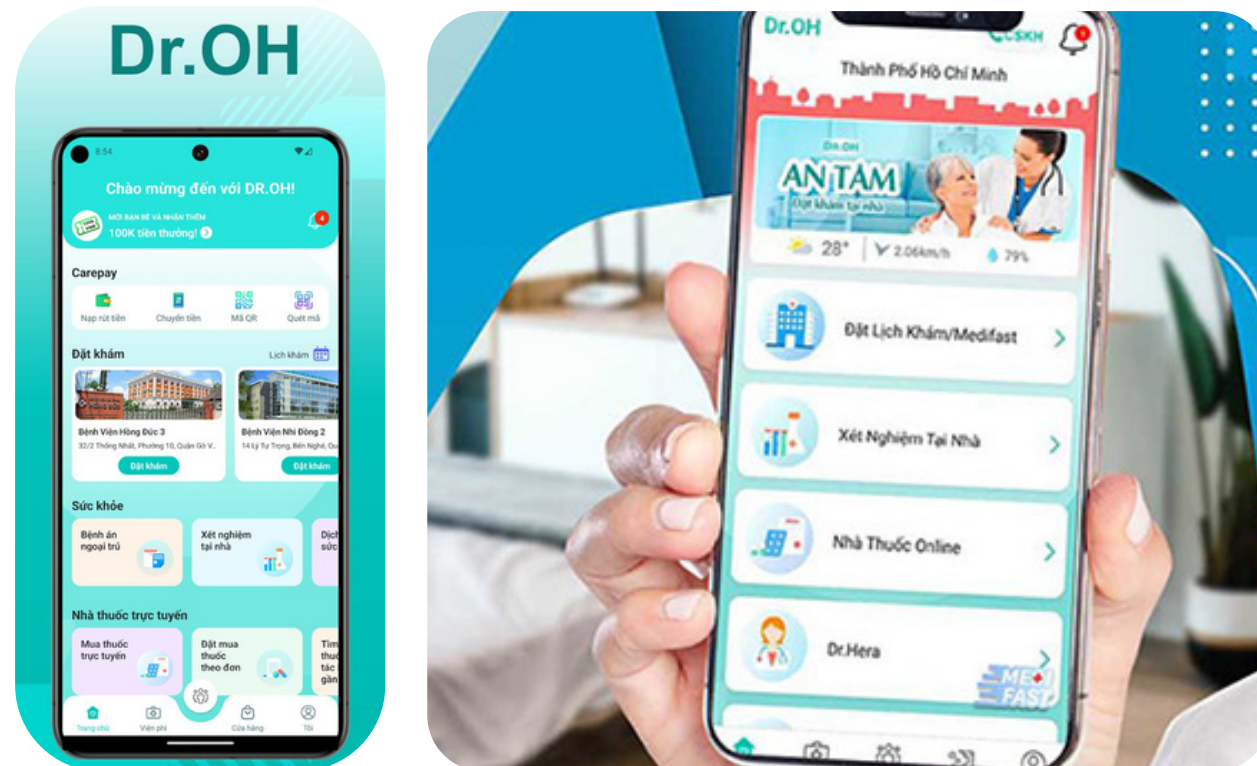

- Number of Teleconsultations: **More than 96,761 telemedicine consultations** have been performed through the Dr.OH platform.
- Participating Doctors: More than **460 specialists from premier hospitals** offer remote consultations, delivering support and diagnoses to patients.
- Patient Satisfaction Rate: **98% of patients utilizing teleconsultation services** reported satisfaction with both the service and its quality.

OHF MEDICAL INITIATIVES

The initiatives titled "**Medical Support for Remote Areas**" and "**Remote Medical Consultation**" have been conducted since 2018 and continue to occur annually in various highland regions, including Na Hang district, Tuyen Quang, among others. Furthermore, **One Health Foundation** "Remote Medical Consultation" services are slated for implementation across all districts, provinces, and regions facing medical challenges.

OHF'S EXCEPTIONAL INITIATIVES IN MEDICAL APPLICATION AND TRAINING

Under the leadership of Mr. Nguyen Huynh Dang Khoa, One Health Foundation has been executing numerous impactful and sustainable initiatives across the domains of health, education, and the environment. Below are several notable projects:

DR.OH Online Healthcare and Consulting Platform

DrOH Pocket General Hospital is a comprehensive healthcare application. It is the sole application dedicated to certified physicians from esteemed institutions, including Children's Hospital 2, Cho Ray Hospital, Oncology Hospital - Ho Chi Minh City, and Hong Duc General Hospital.

Institute of Economic Science and Medical Technology (IEST) with expertise in Economic Science and Medical Technology.

- More than 35,000 students are directors, managers, and specialists who have placed their trust in us and accompanied us for over a decade.
- Over 100 lecturers are esteemed business professionals, speakers, and leading experts actively engaged in instruction.

“Microfinance (Support for livelihoods, medical expenses, education, and enhancement of living conditions)”

OHF Social Initiatives

Total Capital Allocation

One Health Foundation has designated over 2 billion VND for a microfinance initiative aimed at assisting disadvantaged households.

Number of Households Benefited

More than 256 households have benefited from small loans provided by this program, enabling them to enhance their income and living conditions.

Loan Repayment Ratio

Ninety-five percent of loans were repaid punctually, illustrating the program's sustainability and effectiveness.

Training Program

Over 556 training courses focused on financial management and business skills were conducted, drawing the participation of over 15,279 individuals.

OHF'S SOCIAL CAMPAIGN HIGHLIGHTS

The "**Happy Village**" model is established in 60 provinces and cities across Vietnam, incorporating medical facilities (hospitals or general clinics) and educational institutions ranging from primary to high school, thereby ensuring both the quality of education and affordability for the local population.

The "**M2030**" campaign seeks to enhance public awareness regarding the perils of malaria, empowering individuals to take preventive measures and safeguard their health. Also, the initiative engages in fundraising efforts, with all contributions being allocated directly to assist individuals in preventing, protecting against, and treating malaria.

OHF'S PRIMARY ENVIRONMENTAL INITIATIVES

The "**Plastic Bank**" campaign was established with the objective of halting ocean plastic pollution by uniting billions of individuals to generate income from waste and enhance their quality of life. This is achieved through the improvement of infrastructure and compensation for collected plastic.

OHF'S PREMIER EDUCATIONAL INITIATIVE

The school serves as a model within the **“Volunteer Village” project in Cambodia**, designed to assist underprivileged children in accessing quality education at exceptionally affordable tuition rates that align with the living standards of each province. This educational model encompasses both primary and secondary education, facilitating access for all children from foundational to advanced levels of learning.

OHF COMMUNICATION HIGHLIGHTED PROJECTS

One Health Foundation Unity Network is the inaugural platform in Vietnam that connects businesses, KOLs, KOCs, NGOs, NPOs, and the government with the shared objective of enhancing quality of life and safeguarding the environment. This platform will provide numerous significant advantages to both society and its participating partners.
